SUMMARY

PHP Laravel Developer with 1.3+ years of experience in developing and maintaining web applications using PHP, Laravel, CodeIgniter, MySQL, JavaScript, HTML, CSS, and Bootstrap. Experienced in ERP, LMS, e-commerce, and booking applications. Skilled in REST API development, database management, bug fixing, responsive web development, and third-party API integration. Passionate about building scalable web applications and continuously learning modern web technologies.

WORK EXPERIENCE

Backend Developer

Salesqueen Software Solution, Chennai

Feb 2026 – Apr 2026

- Maintained and enhanced ERP modules in CodeIgniter, fixing recurring bugs and improving application stability across core business workflows
- Built new ERP features end-to-end (backend logic + responsive UI), streamlining data-entry and reporting workflows for internal teams
- Collaborated with team members to test, maintain, and improve ERP application performance while ensuring smooth day-to-day business operations.

Junior Web Developer

Sivasethu Infotech Pvt Ltd, Trichy

Feb 2025 – Jan 2026

- Developed and maintained LMS and e-commerce web applications using Laravel and PHP, implementing new features, fixing bugs, and supporting existing modules.
 - Built and customized WordPress websites, including theme customization, plugin configuration, content management, and responsive page development.
 - Developed responsive static websites using HTML, CSS, Bootstrap, and JavaScript based on client requirements and UI designs.
 - Worked with MySQL databases, REST APIs, Firebase OTP authentication, and collaborated with team members to deliver and maintain web applications.
-

TECHNICAL SKILLS

EDUCATION

B.Tech, Information Technology

Indra Ganesan College of Engineering, Trichy

GPA: 8.44 / 10

July 2020 – June 2024

PERSONAL PROJECTS

FriendsTrack — Taxi Booking Platform

friendstrack.in

- Designed and built a full-stack taxi booking web application using Laravel, PHP, and MySQL, covering ride requests, driver assignment, and trip status tracking
- Built a Filament-powered admin dashboard for managing bookings, drivers, and customers in real time
- Implemented responsive UI with Bootstrap for a smooth booking experience across mobile and desktop

Portfolio Website

anbzhagan.netlify.app

- Developed a responsive personal portfolio website using ReactJS to showcase projects, technical skills, and professional profile.
- Designed a clean and user-friendly interface with smooth navigation and responsive layouts for all devices.

Mental Health Counseling Website

thuliridam.netlify.app

- Developed a responsive static website using HTML, CSS, Bootstrap, and JavaScript based on the project requirements.
- Created user-friendly pages with a clean design to provide information about mental health counseling services.

React Mini Games

anbzhagan-code.github.io/mini-games

- Developed interactive browser-based mini games using ReactJS, JavaScript Hooks, and component-based architecture.
-

CERTIFICATIONS

- Full Stack Development Certification
- AR/VR Development Certification
